\$2.00 PER ANNUM

NIGHT CLASSES BEING ORGANIZED

Mr. Andrew Baxter, representing the Calgary school of technology, has been in The Pass this week in connection with the formation of night classes for miners and others in the various towns in this district.

Prospects of night classes and large enrolments are at present very bright. Already at Bellevue a list of upwards of fifty miners has been signed up, mostly desirous of taking lessons in English, mining and mathematics.

Here is a splendid opportunity for those who have not had the opportunity of attending English schools

in their boyhood days and who must of necessity be able to write and read English in order to obtain papers entitling them to enter a mine to begin. The tuition fees will be very nominal, the provincial department of education bearing the larger part of the cost of operation of the classes. The various local school boards are prepared to co-operate with the department wherever possible.

Should old acquaintance be forgot,
And never brought to mind?
Should I not take in the Catholic
Women's League Bazaar,
Whether the day be bad or fine?
(November 15th, Moose Hall).

BOARD OF TRADE EXECUTIVE MEETING

An executive meeting of the Blairmore Board of Trade, was held in the office of the Crows' Nest Pass Motors last night, presided over by President L. L. Morgan.

The minutes of previous meeting were adopted and a financial statement submitted by the secretary-treasurer, showing a bank balance of around \$150, was approved.

Various committees submitted reports.

In connection with the depot park, the secretary was asked to secure estimates from local parties of the cost of levelling the park site east and north of the Blairmore C.P.R. station. It was felt that in order to make a success of the work next year the ground should be levelled and treated with fertilizer this fall. In this connection, the co-operation of the C.P.R. is assured. The company will undertake to fence the grounds and provide a liberal supply of shrubs etc., when the land is in readiness.

Considerable correspondence that had been received from the Western Canada Good Roads Association had from time to time been satisfactorily attended to by Secretary Scott; also several communications from the Fernie Board of Trade in re the unfinished road between Crows' Nest Lake west of the B.C. boundary. The Pincher Creek board also asked for concerted action on the part of the various boards of Southern Alberta in agitating for immediate grading and gravelling of the Pincher Creek to Waterton highway, in which all this district should be more or less interested.

Following consideration of the above, a motion by Mr. Chappell, that a meeting be called, to be held at Blairmore on Wednesday of next week, at 3 p.m., and that the various boards between Fernie and Macleod be asked to have representatives present, was carried.

The following committee was appointed to represent Blairmore: President L. L. Morgan, Secretary W. W. Scott and W. J. Bartlett.

Various matters of great interest to the district will be discussed at this meeting, which will likely take place at the Greenhill hotel.

A communication from the Calgary Board of Trade, suggesting that a general meeting of the boards of Southern Alberta be held shortly to deal with matters of timely interest, was acted upon, and the secretary was instructed to advise of Blairmore's approval. Subjects to be discussed at this conference would include "Extension of government grants for highways," "Government grants in support of technical education," "The Ontario market for Alberta coal," "Cheaper electric power," etc.

BLAIRMORE FIRST AID ASSOCIATION

A meeting of the Blairmore First Aid Association will be held in the general offices of the West Canadian Collieries, Limited, Blairmore, at 7:30 p.m. on Friday, the 14th of October, 1927, for the purpose of electing officers for the coming year, 1927-28; also to organize the First Aid Class, for seniors only, for the coming winter.

Those interested in this work please attend this meeting, if possible, while those interested in First Aid work who expect to become members of the class for the coming winter and are unable to attend the above meeting, should give their names to some of the present officials of the organization.

Remember to keep the date, November the 2nd, open. The members of Greenhill Temple, Pythian Sisters, will on that date hold their annual bazaar. Watch for further announcements.

FORMER BLAIRMORE CITIZEN DIES SUDDENLY IN CALIFORNIA

Word was received on Sunday last of the sudden death of Mr. John J. Purvis, which occurred at Los Angeles, California, on the evening of Tuesday, October the 4th.

Mr. Purvis had been following his trade as steam engineer. During Tuesday he was complaining of not feeling well, but was determined to go on shift at 8 o'clock that night. Shortly after taking up duties he dropped dead. Death was evidently due to heart failure.

Mr. Purvis is survived by a widow and one daughter, Mrs. Perry Bamber, residing in Los Angeles. The remains were laid to rest on Friday.

Mr. Purvis and family were former residents of Blairmore, establishing themselves here in the town's pioneer days. The beautiful residence now occupied by C. J. Tomkins and family was erected by Mr. Purvis some seventeen or eighteen years ago. The residence property was sold about three years ago, when Mr. and Mrs. Purvis decided to take up residence in California.

Mr. Purvis was about fifty-eight years of age and was connected with the I.O.O.F. and Masonic orders. From the New Glasgow Free Lance, October 6.—Word was received yesterday by George W. McPherson, Highfield, of the death in California of his son-in-law, Mr. John J. Purvis. The telegram gave no particulars, beyond the announcement of Mr. Purvis' passing away, but a letter is following with particulars.

Mr. Purvis had been in good health all along, and his sudden death comes as a great shock, not only to his wife, but to his brother, Robert Purvis, Stellation, and his sister, Mrs. Adam Burt, Westville.

Prior to going to California, Mr. and Mrs. Purvis made their home for some years at Blairmore, Alberta. He is survived by his wife and one married daughter. He is a son of the late Alexander Purvis, who was for many years underground manager of the Drummond Colliery, Westville.

MISS SARTORIS LEAVES FOR NEW YORK

Miss Mary Sartoris, daughter of Mr. and Mrs. Mark Sartoris, of Blairmore, and winner of the typewriting championship offered by the Underwood Typewriter Co., left Calgary on Sunday for New York, where she competes on Monday next in a world championship contest.

Only two Canadians will enter the contest, the other lady being from Toronto.

Miss Sartoris is accompanied on the trip by Mr. Henderson, vice-principal of the Garbutt Business College, Calgary. On the way east, stops were made at Regina, Winnipeg, Ottawa and Toronto, where Miss Sartoris was given an opportunity to freshen up at Garbutt Colleges.

Much local interest is centred around Miss Sartoris and the result of the world contest is keenly looked forward to.

LOCAL BRIDE SHOWERED BY PYTHIAN SISTERS

A very pleasing event followed the regular meeting of Greenhill Temple, Pythian Sisters, on Friday night last, when a linen shower was tendered Mrs. Albert Ernest Gale (nee Miss Muriel Jean Shearer).

Mrs. Gale holds the office of manager of the Temple and has been a very active member of Greenhill Temple for some time past.

The shower was introduced by the M.E.C., Sister Gray, and was contained in a very large basket filled to the brim with fancy and useful articles.

In well chosen words, Mrs. Gale thanked the sisters for their various gifts.

K.P.s. TO RECEIVE VISIT FROM SUPREME HEADS

On the night of Wednesday, October the 26th, a grand rally of members of the Knights of Pythias lodges of this district will be held at Coleman, when an official visit will be paid by Supreme Chancellor Bro. Richard S. Witte, of Minneapolis, who will be accompanied by Bro. Harry M. Love, Minneapolis, supreme keeper of records and seals.

At the meeting a class will be conducted for the study of the new Rathbone Bible. Degree work will also be conferred.

All members of the Order are urgently requested to bear in mind this date and rare opportunity of meeting with the higher-ups in Pythianism.

FURNITURE FOR SALE—Every- thing must go. Apply F. S. Kafoury.

BELLEVUE GIRL WINS GOVERNOR-GENERAL'S MEDAL

Following the practice of his predecessors, His Excellency Viscount Willingdon, governor-general of Canada, has donated to each school inspectorate in the province a bronze medal, to be awarded to the pupil taking the highest marks in the departmental Grade VIII. examinations, and the medals have already gone forward from Ottawa to the successful candidates.

We are pleased to state that the winner in the Macleod inspectorate was Miss Marjorie Clayton, daughter of Mr. and Mrs. T. Clayton, of Bellevue. Miss Clayton is fifteen years of age and is to be congratulated.

A meeting of the Crows' Nest Pass Sunday School Musical Festival committee was held at the Greenhill hotel last night.

A recognized reward of merit

The Green Pentagon is chosen more often than any other watch to honor achievement—in business, the professions, and school or college life. Colonel Lindbergh, Vice-President Dawes—and hundreds of other famous men wear Green Pentagons. Come in and see this celebrated watch—today.

Higher Education In Canada

During the month of October two notable celebrations have occurred in Canada—the centenary of the University of Toronto, the original charter of which was granted by King George IV, in 1827, and the golden jubilee of the University of Manitoba. Needless to say, both anniversaries were marked by interesting ceremonies and attended by many distinguished men and women. Well deserved tributes to the part played by these institutions of higher learning in the religious, political, scientific and economic life of Canada were voiced. Indeed, the influence of the older of these two great institutions has been felt throughout the United States as well as Canada.

Considering the population of Canada, and the number, size, and financial strength of Canadian universities, it is not only surprising but a distinct tribute to these bodies that they occupy such a relatively high place among the universities of the world. All of Canada's universities are still young in years, but their standards are high and their achievements noteworthy. Their graduates are to be found all over the globe doing some of the best of the world's work.

For example, it is revealed by a recent survey of medical colleges in North America made by Rockefeller Foundation that the Medical College of the University of Toronto ranks first, with Harvard University second, Johns Hopkins University, Baltimore, third, and McGill University, Montreal, fourth, a truly remarkable showing for Canada, instead of Canadians having to go abroad to obtain the best in University training. The reverse is true, and hundreds of United States students are annually enrolled in Canadian institutions. Even from the British Isles come students to take the engineering courses at McGill, and to pursue their medical studies in Canada.

It was from the medical colleges of Toronto University that Dr. F. G. Banting gave his wonderful discovery of insulin to the world, while many of the great engineering feats in Canada during the last fifty years, and in other parts of the world as well, are due to the genius of Canadian University trained engineers.

From the earliest days, education has been given the very forefront in every Canadian program. It has dominated the thought and inspired the policies of the Canadian people. The result is seen in the character of the people, in the strength of our public institutions, and in the growing importance of Canada in world affairs.

The younger universities of these Western Provinces are worthily upholding the traditions of the older institutions and will play an equally important part in the upbuilding of the West and in the contributions they will make to the life of the Dominion. Particularly in their research, survey, and extension departments is the work of the most vital interest to this country being performed. The strides being made in the development of agriculture along scientific lines, and in overcoming plant pests, such as rust, will not only mean untold millions to the farmers of the West, but will result in a general raising of the standard of living, of cultural equipment, and of the level of prosperity throughout Canada.

In one of the three prairie provinces at the present time, one in every four of the population is attending school. In a small Western city of approximately 40,000 population there is at present enrollment in public and separate schools, high schools, colleges, and other institutions of learning no less than 10,000 students. The writer has not the data but do doubt the same statement can be made of other Provinces and cities in the West. The heaviest single item of taxation borne by the people is for education, but it is borne gladly and without complaining. In fact, it is a matter of pride and the boast of the West.

No other subject, no other department of the Government, is watched more closely than education. It is well that this should be so, because in the intelligence, the training, the character of the younger generation lies the hope, the future of this great country. Here is to be found the basic foundation of all that is fine and worthwhile in life, and upon such foundation rests the strength and greatness of any people or nation.

Canadian Poet Honored

Halifax Girl Named in Recent Shakespeare Verse Competition
Mary Selon, of Halifax, N.S., is among those who are placed in the order of merit in the poems in English section of the Shakespeare verse competition promoted by the Poetry Society and incorporated in aid of the Memorial Theatre fund at Stratford-on-Avon.

The competition has attracted a world-wide interest, poems being submitted in many languages and edited by Frank Bercow, of Wolverhampton, England, was placed first in the English Poems Section.

Why Hobble Along On Sore Corns?

Don't cut corns with an old razor. Infection followed often by an infected knife. Quick, safe relief comes from using Putnam's Corn Extract. If afflicted with corns, calluses or sore footpads, use "Putnam's"—it's the sure, safe, sure way to get rid of the corns so they drop right off. No pain, no soreness, but quick relief from sore corns comes to all who use Putnam's Painless Corn Extract, 25c, at all dealers.

Englishman Has Odd Farm

Specializes in Butterflies and Ships Them All Over Country

Nowadays there are many kinds of farms, but the odddest is probably the butterfly farm. Mr. L. W. Newman's remarkable establishment in Kent, England, sends thousands of butterflies and moths to all parts of the country. In Yorkshire there is a butterfly farm at Burnstall, near Scarborough. Mr. Newman specializes in British specimens alone, but at Burnstall all manner of exotic species are included. In the late summer display of Indian silk moth and other beautiful foreign races is a thing to be remembered.

A FAMILY MEDICINE

A Welland Lady Tells Of The Value Of Dr. Williams' Pink Pills In Her Home

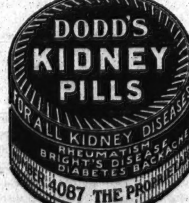

"I have many reasons for praising Dr. Williams' Pink Pills. My mother, George L. Swick, No. 2, Welland, Ont., my first experience with this medicine was in my childhood, when, following an attack of scarlet fever, I was left in a badly run down condition and the pills restored me to good health. Later in my married life I had a severe attack of rheumatism, the pain in my right arm was so bad that I was not able to do my work. I could not rest myself without help. Again I resorted to Dr. Williams' Pink Pills, and again they proved a blessing to me. Soon the rheumatic pains and stiffness disappeared and there has been no return of the trouble. Dr. Williams' Pink Pills have also been of great benefit to my children. One of my boys was threatened with St. Vitus dance. His limbs and face would twitch and jerk. I gave him the pills, and again they did not fail. Under the treatment the trouble ceased. I have also given the pills to my little girl, who was anemic, and in this case also with the greatest benefit. Naturally when I hear any one complaining of not feeling well I recommend Dr. Williams' Pink Pills, as I know of no other medicine to equal them in building up the blood and restoring health."

Take Dr. Williams' Pink Pills for anemia, rheumatism, indigestion, neuritis and other nervous troubles. Take them as a tonic if you are not in the best physical condition, and cultivate a resistance that will keep you well and strong. You can get these pills from any dealer in medicine, or by mail at 50 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

The person who walked across the street was once called a pedestrian. Now, unless he moves pretty smartly, he is often referred to as "the doc."

Good-bye Asthma. Persons suffering from that extremely trying trouble known as asthma know what it is to long with all their hearts for escape from a tyrant. Never do they know when an attack may come and they know that to struggle unaided is vain. With Dr. J. D. Kellogg's Asthma Remedy at hand, however, they can say good-bye to their enemy and enjoy life again. It helps at once.

The saxophone was named after its inventor, Antoine Sax, of Belgium and Paris, who invented several reed instruments about 1840.

Newspaper Association Executive

S. J. Dornan, Alameda, secretary-treasurer of Saskatchewan Weekly Newspaper Association.

Newspaper Men Foregather

Eleventh Annual Convention Of Saskatchewan Weekly Newspaper Association

Regina.—In point of attendance and in general enthusiasm the eleventh annual convention of the Saskatchewan Division of the Canadian Weekly Newspaper Association was the most successful gathering of the organization yet held. Organized in 1914, the Association has been steadily increasing in strength, and now is able to boast of a membership of one hundred per cent. No small amount of credit for this success is due to the untiring work of the energetic secretary, S. J. Dornan, Alameda.

The sessions were held in the Hotel Saskatchewan, where excellent accommodation was provided for the holding of meetings as well as for entertaining. Regina was unanimously chosen as the meeting place for the 1923 convention.

On Thursday a luncheon was given by the Regina Board of Trade, and a dinner was tendered by the Saskatchewan Government, after which the delegates were the guests of the Toronto Type Foundry Co., at a theatre party. The Saskatchewan Wheat Pool management gave a luncheon on Friday and on Friday evening the Weekly Newspaper Association were hosts at a dinner, at which the president-elect, Mr. McCullough, of Weyburn, presided.

Officers were elected for the coming year as follows: T. H. McCullough, Weyburn, president; Hon. President, Hon. S. J. Latta; Hon. Vice-President, C. R. McIntosh, M.P., North Battleford; vice-president, S. H. Moore, Swift Current; secretary-treasurer, S. J. Dornan, Alameda; Executive: E. Garrett, Watrous; S. N. Wynne, Yorkton; G. W. Smallwood, Kelowna; T. E. Scrivner, Weyburn; H. G. Sheldrake, North Battleford, and C. J. Allison, Asquith.

S. N. Wynne, Yorkton, recently elected president of the Canadian Association, was the speaker at Thursday afternoon's session. During the course of his remarks, Mr. Wynne read an extract from the report of the British Columbia Association in which a strong tribute was paid to the Saskatchewan division.

Declares People Are Affected By Sunspots

Largely Responsible For Crime Waves Says Russian Professor

The day is not far off, in the opinion of Prof. Alexander Tchajevsky, of Moscow University, when a judge, in estimating the degree of guilt of a person convicted of crime, will demand to know the meteorological and astronomical conditions obtaining at the time the crime was committed.

Tchajevsky claims to have discovered a decided relation between sunspot activity and human frailty. In a report prepared for the Moscow Psychological Laboratory he writes: "The nearer a crime is to the time when sunspot activity reaches its maximum, the less is the responsibility of the guilty person for the crime committed. Judges in pronouncing sentences should bear in mind and act accordingly."

Sun-spots, he says, "produce an enormous amount of electricity, which reaches the earth cause the aurora borealis, magnetic storms and other phenomena of nature. They also operate on the nervous system of man and bring marked changes in his emotions and impulses."

The driver may lose control of his car, but the credit corporation that looks after his instalments—never.

Concise is deceptive, but it is rarely perceptible.

In Memory Of Col. Ham

Tablet is Unveiled At Montreal By Women's Press Club
Tribute to the memory of Colonel George Ham, who in his day was one of the most widely-known and popular citizens of Canada; was paid recently at Montreal by the Canadian Women's Press Club, when Miss May S. Clendinning, president of that organization, unveiled a tablet to Colonel Ham in the Windsor street station of the Canadian Pacific Railway. The tablet reads:

"To the memory of Colonel George Henry Ham, official of the Canadian Pacific Railway, who died in Montreal April 16, 1923. This tablet is erected by the Canadian Women's Press Club in grateful recognition of his services as their founder and friend. He was a gallant gentleman and great of heart."

Latest Contribution To Science Of Advertising

Device Projects Images For Five Miles On Cloud Bank

A glorified "magic lantern," said to be capable of projecting photographs and signs on to the clouds, is the latest contribution to the science of advertising.

The device, still in its laboratory form, consists of a powerful searchlight mounted behind a series of lenses and a slide holder. The whole apparatus resembles a cannon, and is able to project images for a distance of five miles on a cloud bank.

The image is visible for miles around while a revolving screen in front of the muzzle of the projector can be used to produce color-changing effects.

The Oil For The Farmer.—A bottle of Dr. Thomas' Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with cold and cough, and for the mother who suffers from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

Cost Of Bushel Of Wheat
United States show that the highest cost of producing a bushel of wheat in North America was at a town in Minnesota; the cost was \$2.23. The lowest cost was at the home town of ex-Premier Macdonald, in the Peace River; the cost was 51 cents.

Sodium Sulphate Plant

New Plant in Saskatchewan Will Have a Capacity Of Nearly 70,000 Tons Yearly

In a report to Commissioner T. M. Molloy, of the Bureau of Labor and Industries, W. H. Hastings, the bureau's engineer, states that the new sodium sulphate plant north of the town of Fuelier, which is west of Kerrobert, will have a capacity of nearly 70,000 tons yearly. The power plant is finished and in operation, and the machinery is fast being placed in the dryer and other buildings.

A new method of making crystal on the lakes has been worked out by C. Heathcote, the designer and manager. When formed the crystal will be harvested and a stock pile built on the lake itself. The crystal will be trucked to the plant at Fuelier as required.

Two separate products or grades of material will be made, the coarse product for the paper industry and a finer, purer product for use in the glass and dye industries, especially in the latter.

There are two other sodium sulphate plants in the province, these being at Dunkirk and Hardene, Regina Leader.

Sleep is the great nourisher of infants, and without peaceful sleep the child will not thrive. This cannot be got if the infant be troubled with worms. Miller's Worm Powders will destroy worms and drive them from the system, and afterwards the child's rest will be undisturbed. The powders cannot injure the most delicate baby, and there is nothing so effective for restoring the health of a worm-worm infant.

Taking No Chances
An old Scotchman lay dying. He called his wife to the bedside and gave her full instructions as to his funeral and the friends to be invited. "And then," he concluded, "after I am buried you must bring them all back to the house and give them a good glass of whiskey to drink the memory of their departed friend, and, as I'll no be there myself, I'll talk 'em now."

The Poor Man's Friend.—Put up in small bottles that are easily portable and sold for a very small sum, Dr. Thomas' Electric Oil possesses power in concentrated form, its cheapness and the varied uses to which it can be put make it the poor man's friend. No dealer's stock is complete without it.

Lighting an American match in Peru may cause a fine of \$20. A Swedish match company has a monopoly on the sale of matches in that country.

For Headache

WARNING! Beware of Counterfeits

Believe Animals Can Think

Clever Training Not Altogether Responsible For Their Intelligence

Belief that animals can think was expressed by some delegates to the International Congress for Psychic Research at Paris although others were inclined to believe that clever training was responsible for manifestations indicating thought on the part of animals.

Charles Richet, president of the congress, although expressing unwillingness to declare his views without qualification, said "that it was very daring to say categorically that human existence is entirely different from that of animals. We certainly find evidence of thought in animals," he said, "and the time will come, I think, when we will discover a chain of connection between biology, physiology and metaphysics."

Latest Radio Invention

System Of Tuning Receivers Without Touching The Dial

An electric device contained in a little box which can be carried about the house or placed on the arm of a chair has been invented for the purpose of tuning a radio set no matter whether it be in the living room, attic or cellar. There are no intervening wires or mechanical connections between the receiving set and the control box. The inventor, Rowden Washington, formerly of the United States Navy and Wilson Aul, Jr.

The receiver can be controlled from any spot convenient to the operator without manipulation of the tuning dial of the receiver. Properly adjusted, it is polished out by the inventors that the main set can thus be installed in an out-of-the-way place and forgotten until a tube replacement or a maintenance adjustment must be effected.

Had Own Airplane
Princess Lowenstein-Wertheim, the passenger in the missing St. Raphael, took off flying many years ago, and during the war owned an aeroplane of her own—a fact which sometimes made the authorities look at her askance, for she had an Austrian name, even though she acquired it only by marriage, which terminated in the death of her husband in 1919. The princess was 50 last year, despite her youthful appearance.

The bungalow got its name in India. Early British residents built one-room, partitioned dwellings, called them "bungalows" from the Hindi word "banga," meaning latched hut.

The electric chair has something to do with deterring criminals but the proper place to start is in the high chair.

Minard's Liniment For Lumbago.

One tall can (with an equal quantity of water) gives you a cup of pure, creamy milk. Always use it. It's healthy. Write The Borden Co. Limited, Montreal, for a free recipe book. 3027

Borden's ST. CHARLES MILK

W. N. U. 1703

MEXICO STILL IN THROES OF SERIOUS REVOLT

Mexico City.—The state of the firing squad continues to echo through Mexico, but despite summary retribution exacted by the Government, reports from many points indicated a continuance of revolutionary movements.

General Alfredo Quijano, commander of cavalry in the Mexico City garrison, as taken virtually from the court-martial chamber in which he was convicted to face a firing squad.

General Alfredo Rueda Quijano was also executed. The general, who was convicted of leading his troops in rebellion against the Government, after an eight-hour trial, was shot by a firing squad in the courtyard of the San Lazaro military prison.

In Morelos, 13 members of the State Legislature were shot as sympathizers of the Gomez-Serrano revolt.

Despatches to the American border announce that the Mexican treasury had called upon fiscal agents throughout the Republic to transfer available funds to the capital to meet the increased expenses of military operations.

Mexican naval vessels at Vera Cruz prepared to depart on an unannounced mission.

Railroad rolling stock has been concentrated around Vera Cruz, for the use of the federal military in operations towards Orizaba, indicating a new focal point of unrest there, and disruption of traffic on the Mexican railway has been heightened by the incursion of a rebel group at Pisco Nacho.

Newly Minted Coins Will Purchase Grain

Are Now On Way From London To South America

London.—The Blue Star liner Alameda, now on her way to South America, is carrying for a large English and South American grain company 500,000 newly minted sovereigns, which are to be temporarily lodged in Buenos Ayres against the purchase of Argentine grain. The gold, which weighs 2,550 pounds, represents approximately one-third the value of the new luxury liner in which it is carried.

The Alameda left London recently, and the gold was shipped so quietly that few people were aware of the unusual nature of the cargo. It was collected from the Bank of England in two motor vans and conveyed to North Woolwich. Two detective inspectors accompanied each van, and King George V. took, and relinquished custody as soon as the hundred boxes, in which the coins were carried, had been handed over to the ship's authorities.

The boxes were placed in a special safe in one of the Alameda's hold, which was then sealed with the captain's seal. The seals will be inspected every watch throughout the voyage.

Drumheller Miner Killed

Was Buried Under Heavy Fall Of Rock From Mine Roof

Drumheller, Alta.—George Young, a well-known miner at the A.B.C. mine here, was killed by a fall of rock while on duty.

Claude Tenny, working in the entry room next to the unfortunate man, heard the fall of rock and called out to Young, asking him if he was all right. Hearing no answer he called again with the same result and then left his entry to investigate. He found about two tons and a half of rock had fallen from the roof, burying Young beneath it.

Calling for help to remove the rock, Kenny got A. J. Briggs, Jack MacNeill, Frank Henry, and Stanley Smith to help him. These men pried up the rock and brought Young out of the mine. When the rock was raised off Young's body he was still breathing but died before reaching the surface.

Will Erect Hospital

Montreal.—Mayor R. W. Freeland, Esq., of Philadelphia, founder, with his wife, of "shriners" hospitals throughout the United States and Canada, said in an interview here that another shriners' hospital would be erected somewhere on the Canadian Pacific coast in the near future. Victoria or Vancouver are the possible sites.

Outside the British Isles there are fewer than eighteen million white people in the thirteen million square miles of the British Empire.

W. N. W. 1709

Plan Might Be Feasible

Idea Suggested By U.S. Professor To Aid Farmers

Urbana, Ill.—Two means of giving the farmer a faster break in competition with the world price of farm products have been outlined by Professor C. L. Stewart, chief of agricultural economics at the University of Illinois.

Prof. Stewart has suggested a \$200,000,000 bounty to be paid the exporters of agricultural products from present tariff income. He would place the wheat crop of the United States under the control of a board, which would export one fifth of the crop and tax the remainder of the rate of 10 cents a bushel to meet the deficiency in the price received for the exported wheat.

In the first place, he said, the tariff rate was now so high that import of foreign goods has been greatly reduced. If the rate were cut the increased importation would so increase tariff revenue that the bounty would be paid without loss of government funds.

National Council Of Women

Annual Convention Is Held At Stratford, Ontario

Stratford.—The causes being championed by the National Council of Women were outlined by Mrs. J. A. Wilson, of Ottawa, president, at the opening session of the annual convention here. These included the prevention of the causes of war; the stamping out of all unjust laws; the holding of an equal moral standard for all; and an equal opportunity for all to develop to the fullest extent their physical, moral and mental powers.

Mrs. Wilson was honored with a life membership in the organization, similar awards being given to Miss Caroline Carmichael and Mrs. H. H. Rowatt, of Ottawa, and Mrs. M. I. Robertson, of Saskatoon.

Fliers Complete Journey

Covered Twenty-Two Thousand Miles In Six Weeks

Detroit, Mich.—Completing a 22,000 mile journey in six weeks, Edward F. Schlee and William S. Brock arrived at Ford Airport in the around the world monoplane, Pride of Detroit. Schlee stepped from the plane first and was greeted enthusiastically by his wife.

Although two women claimed him while he was gone, there was no woman to greet the co-pilot.

The airmen were welcomed by Henry and Edna Ford, Edna Rickenbacker and Edward S. Evans, joint holder of the globe circling record of 28 days and 14 hours, which Schlee and Brock tried to lower.

May Develop Power Scheme

Prince Albert—President H. M. Sibbald, of the Board of Trade has informed the members, that an eastern firm is looking into the Lacelle Falls power scheme with a view of developing it to provide electric light and power for Prince Albert and Saskatoon. Mr. Sibbald also reports interviewing Hon. C. A. Dunning in connection with the completion of the railway line between St. Paul des Nuits and St. Valbert. The matter will be brought to the attention of the Government at its next session.

Test Legality Of Betting

London.—A batch of summonses to test the legality of betting on greyhound racing will be heard October 25. The principal instigators in the prosecution are the National Anti-Gambling League and the chief defendants are the Greyhound Racing Association, lessees of the Stadium at the White City.

Japan May Send Troops

Tokio.—The Japanese government is seriously considering the sending of troops from Manchuria to Peking and Tientsin if the situation in the Chinese civil war becomes worse, a spokesman for the Japanese war office declared. In the meantime the government is closely watching developments.

Hertzog Attacks Smuts

Bloemfontein, South Africa.—Premier Hertzog, of the South African Union, speaking at a meeting here, attacked General Smuts, leader of the opposition, whom he accused of perverting the truth and fostering racial strife and discord for his own political ends.

Received Legion Delegates

The King held a reception in Buckingham Palace for the American Legion delegation on the official five-day visit to London of the United States war veterans. His Majesty received the legionnaires, headed by General Pershing and O. P. Savage, returning national commander.

Congratulated By Prince

Canadian War Graves Commission Receives Letter Of Appreciation

Ottawa.—The interest manifested by the Prince of Wales in veterans of the Great War, during his visits to Canada, has been indicated in news despatches. That he also has noted and appreciated the work being done in Canada to commemorate the memory of those veterans who died and are buried in the Dominion is indicated in a letter received by Col. H. C. Osborne, secretary-general for Canada of the Imperial War Graves' commission. This letter, written by direction of the prince, congratulates the Canadian agency of the War Graves' commission on the work, and expresses appreciation that the memory of the soldiers who are buried in Canada is being preserved in the various burial grounds.

Marriage Rate Is High

More Marriages In Alberta In 1926 Than For Previous Five Years

Edmonton.—The year 1926 proved to be the highest year in Alberta, compared with the five preceding years, according to figures issued by Donald Meckle, deputy registrar general for Alberta. There were 4,488 marriages registered during the year, which is 35 more than in the preceding one, and 184 more than the average of the five preceding years.

Edmonton had 1,098 marriages; Calgary, 1,094; Lethbridge, 194; and Medicine Hat, 115. There were 102 brides 16 years of age and under, 1,852 brides between 17 and 19, and 1,812 between 20 and 24. There were 17 brides and 45 grooms over 60 years of age, 11 of the grooms and two of the brides being over 70 years.

PREPARE PLANS FOR CONFERENCE OF PREMIERS

Ottawa.—Plans for the inter-provincial conference, otherwise known as the conference of Provincial Premiers, which will meet at Ottawa, November 3, are rapidly taking shape.

Arrangements are in the hands of Hon. Ferdinand Rinfret, secretary of state, and while no details of the agenda will be disclosed until the time for the conference arrives, it is known to include many matters of wide and far-reaching interest and effect. At the suggestion of the secretary of state, provincial governments have submitted questions on practically the full range of provincial jurisdiction under the British North American Act, and federal departments have supplemented these with questions of Dominion concern which also have a bearing on provincial affairs.

The conference should produce a unification of practice on many problems of inter-provincial concern, such as companies law, insurance practice, etc., and should result in important decisions operating to the benefit of each of the provinces as well as to the Dominion.

More effective co-ordination between the Dominion and provinces is one assured result. The conference will be fully open to the discussion of any and all problems of interest and concern and should, it is felt here, result in material benefit to the Dominion at large.

A CHAMPION IN THE MAKING

Miss "Patsy" McKenna, daughter of Ned McKenna, professional of the Minaki Lodge Golf Course, of the Canadian National Railway, on the Winnipeg River, Ontario, is going to be a champion like her father. She believes in the axiom "Practice makes perfect," and she has begun early to take lessons from "Dad," and is already something of a stylist.

Toc H Movement

Men, not money, is what he wants, says Padre Harry R. Ellison, one of the chief missionaries of the Toc H movement, touring Canada in the interests of the organization. The name of the movement, already firmly established in Great Britain, in Australia, in South Africa and other parts of the world, is an abbreviation of Talbot House, a famous institution in Poperinghe, near Ypres, during the war. He is one of the best known personalities in Great Britain and is affectionately known by many throughout the British Empire as "Uncle Harry."

Declares Soviet Rule Will Be Short Lived

Does Not Represent Russian People Says Oil Magnate

New York.—Sir Henri W. A. Deterding, of London, director-general of the Royal Dutch Petroleum Company, who has been recently engaged in a bitter controversy with the Standard Oil Company of New York over control of Russian wells, predicted that the Soviet government would be short-lived.

Sir Henri asserted that the Soviet government, which has taken over natural industries and resources, did not represent the Russian people. Recalling that in June, 1918, the Soviet authorities confiscated the oil fields, refineries, machinery, stocks and assets, Sir Henri added:

"Politically this is confiscation; practically all of these objects were stolen, not by representatives of the people, but by a gang who, by controlling the army had usurped the power to do anything which would not have been tolerated otherwise," he declared.

Australian Tariff Trouble

Canberra, Australia.—The imposition of increased tariffs on certain classes of imports is condemned by the tariff board which has just reported to the Commonwealth Parliament on its enquiry into tariff matters. Instead of improving the Commonwealth's industries, the report states, such tariffs have resulted in stagnation and increased cost of production and living.

Builds Motorless Plane

Cocoa, Fla.—A motorless flying craft has been built here by George R. White, of Stony Brook, L. I. The machine looks like a giant eagle and its wings-beat the air like a bird's. It is called an ornithopter and has made short flights successfully.

How Money Is Expended

Federal Minister Of Finance Shows Division Of Per Capita Levy

Ottawa.—From each person in Canada \$24.60 is collected annually by the Dominion Government, Hon. J. A. R. H. Federal Minister of Finance, stated in an address to the Women's Liberal Club at a meeting in the Canadian Legion Hall.

Of this sum, \$15 goes to pay the interest on the national debt; \$4.20 to make possible a reduction of this debt; \$2.70 to provide pensions for disabled soldiers, widows and orphans; \$1.25 to the Provincial Governments; \$1 for collection; three cents to the actual administration of the country; and \$11.43 for such things as the maintenance of railways and canals, inspection of food-stuffs, expenses of trade agents, colonization efforts, and administration of law and order.

Research Conference

Imperial Agricultural Research Conference Held In London

London.—The Imperial Agricultural Research Conference, the first of its kind ever held in Great Britain, has assembled here. About 200 delegates from throughout the empire will study animal and plant breeding, preservation and transport of foods, development of soils and fertilizers with the aim of making the empire completely self-supporting.

The establishment of research stations throughout the empire and organization of a flying corps of scientists, who could be called upon by any Dominion or colony to attack agricultural problems, will be considered.

Minister of Agriculture, Walter W. Guinness, welcomed the delegates to the conference and Lord Bledisloe was appointed chairman.

More Settlers Wanted For Lethbridge District

Fifty Families Needed To Complete Colony In Irrigation Area

Lethbridge.—According to the Provincial Government, fifty families are wanted to complete the colonizing of the Lethbridge Northern Irrigation District. There are now 500 families in the project, of which 500 have been established within the past two years. In 1924 the district's agricultural production was valued at \$568,000; in 1925, \$715,000; and in 1926, \$1,526,000. This year it is estimated production from Lethbridge northern farms is worth \$2,500,000.

Students Found Joke Costly

Seniors At Ontario Agricultural College Taught A Lesson

Guelph, Ont.—Sophomores of the Ontario Agricultural College found a prank on the freshmen very expensive.

While the first year students were at a dance, the seniors soaked the freshmen's bedding with water and ruined about \$400 worth of good clothing. The college authorities have compelled the sophomores to pay for the damage and in addition have forced them to pay board bills for two weeks, expelling them from residence for that period.

BRITISH PEER DENOUNCES THE HOUSE OF LORDS

Blackpool, England.—The exhilarating spectacle of a peer denouncing his own legislative chamber in good set terms, was presented at the Labor Party conference here, by Lord Arnold, who, as Sidney Arnold, was a Liberal member of the House of Commons for some time. He went over to the Labor Party in 1922, and was Under-Secretary of State for the Colonies, in the late Labor Government, in 1924, and was created a peer the same year.

"The House of Lords will never give the Labor Party a fair chance, because it is blind to the signs of the times," Lord Arnold declared. "It is callous, inconsistent, inane, selfish, cynical, destructive, unscrupulous and utterly reactionary."

"It has been said by an august Liberal that to go and look at the Lords is enough. I, myself, after three and one half years' experience in the Lords, would say that to be in it is more than enough."

These sentiments were expressed by the Labor peer while he was seconding a resolution condemning the Baldwin Government for its proposals for the reform of the House of Lords, and urging the complete abolition of the Upper House.

The resolution was carried.

EARLY ELECTIONS IN BRITAIN ARE NOT PROBABLE

Cardiff, Wales.—In a speech delivered at the Conservative Party Conference here, Premier Baldwin entered into a general defence of his Government's policy, and welcomed the new note struck in the recent Trades Union Congress proclaiming faith in the policy of joint consultation in settling or avoiding Labor disputes, but he gave no hope for an early general election.

On the contrary, he spoke calmly of "the next two years of Conservative Prime Minister."

The Prime Minister said he personally would not hesitate to accept the Opposition's challenge as to appeal to the country, but he thought the country's interests required a period of repose after three general elections in as many years.

Regarding trade prospects, Premier Baldwin said the country's trade had been anchored in the gold standard and there was no cause for pessimism.

"I refuse to hang my harp on a weeping willow," he exclaimed.

Concerning the reform of the House of Lords, the Premier promised the Government would consider its policy in the autumn and announce its decision later in the year.

A motion endorsing votes for women at the age of 21 instead of 30 years was adopted by a big majority.

A Glorious Heritage

Says Canadians Have Reason To Be Proud Of Their Country

Edmonton.—"All across Canada, from one ocean to the other, I have found a wonderful spirit of optimism and confidence. This is one of Canada's big assets, and here, on the West, with this huge crop of Alberta is harvesting, that spirit of optimism should be the strongest," declared Hon. Sir A. E. Kemp, K.C.M.G., minister of militia and defence, and minister of overseas forces in Canada, in the late morning session of the Edmonton visitor club route from Victoria to Toronto.

"Nine millions of us share the most glorious heritage it was ever the lot of any nation to enjoy," said Sir Edward. "It is a wonderful privilege to be one of that nine million and each and every one of us should be proud today to be able to call ourselves Canadians."

Canadian Is Elected

Receives Office Of Vice-Chairman At National Radio Conference

Washington.—Canada was elected vice-chairman of committee of the whole by the international radio conference at the first business meeting. The result will be that the senior Canadian delegate will be asked to preside over the convention meetings when Chairman Herbert Hoover cannot attend. This may happen often since Mr. Hoover is one of the busiest men in the United States cabinet.

Canada's senior delegate is Alexander Johnston, deputy minister of marine and fisheries at Ottawa.

Ten-Year-Old Robs Mail

Escaaba, Mich.—Authorities are wondering what to make of the case of ten-year-old Ellen Minor, who classifies as a mail robber because she broke into the National Bank's postal box and threw away \$75,000 in cheques. She admitted taking the mail, prying open all the letters, and throwing them away when she failed to find the pretty pictures she was seeking.

New Market For B.C. Apples

Salmon Arm, B.C.—A new market for the British Columbia Wealthy apples has been opened up by an order to the Associated Growers from South America. Salmon Arm local has been called upon to fulfill part of the order which will be shipped via New York. Salmon Arm is the largest grower of a recent order from South Africa.

Ask Recall Of Soviet Ambassador

Paris.—M. Briand, French Foreign Minister, sent instructions to Jean Johnston, French ambassador to Moscow, to inform the authorities that the French Government no longer considered Christian Rakovsky persona grata and desired that a new Soviet ambassador be sent to Paris.

Women Not Eligible For Senate

Ottawa.—So far as it could be ascertained, the official view at Ottawa of the resolution for appointment of women to the Senate of Canada is that the British North America Act did not contemplate such appointments, and that women are not eligible for appointments to the Senate.

Tough on the Scotchman
An Irish and a Scotch bugler were
having a contest. Each blew every
piece he could think of, only to have
the other duplicate it. But at last
the Irishman won the prize by buying
a cigar; the Scotchman couldn't blow
a nickel.

cation.

W. J. BARTLETT, PUBLISHER

Blairmore, Alta., Thur., Oct. 13, 1927

C. N. P. MINISTERIAL
ASSOCIATION FORMED

An organization meeting of the
Ministerial Association from Brock-
et to Coleman was held in the United
church, Hillcrest, on Monday, October
the 10th, and was well attended.

The following ministers were present:
Rev. J. H. Garden and Rev. Mr. Blunt
(Anglican), of Pincher Creek;
Rev. Mr. Villett, Taber; Rev. J. W.
Smith, Blairmore; Capt. Hind (Salva-
tion Army), Coleman; Rev. J. S.
Wright, Bellevue; Rev. Mr. Griffith,
Cowley, and Rev. Roy C. Taylor, Hill-
crest.

It was agreed to call the new as-
sociation "The Crows' Nest Pass Min-
isterial Association," and meetings
are to be held fortnightly.

A very helpful fellowship is looked
forward to. The next meeting will be
held Monday, October 17th, at the
Anglican church, Pincher Creek.

A splendid representation of the
young people of Hillcrest met togeth-
er Monday evening in the first of
their weekly meetings, which was of
a social nature.

Devotional services were led by
Mr. Taylor, following which items of
business were disposed of.

Singing of rounds, etc., then
amused the young folk, after which
games were indulged in. A very en-
joyable and profitable evening cul-
minated with refreshments.

There were forty-six who became
members and paid their monthly dues.
The next meeting will be held on
Tuesday next and will be of a mus-
ical nature.

HOCKEY PLAYERS SHOULD
ADVISE RESIDENCE MOVE

According to a ruling of the Cana-
dian Amateur Hockey Association,
amateur players changing their place
of residence between January 1st and
May 15th are to make application to
the C.A.H.A. within two weeks. Dr.
Sandercock, president of the Domini-
on organization, points out that
there has been a lot of shifting about
since last winter, and any of these
players who have not already made
application should do so to George
Lynch, Calgary, secretary of the Al-
berta branch, as soon as possible as
they will have to be referred to the
Dominion organization for considera-
tion.

CHAMPION TYPIST
LEAVES FOR N. Y.

Miss Mary Sartoris, the little Ital-
ian girl who won the provincial cham-
pionship in the novice class last
spring, has gone to New York to con-
test for the world's school cham-
pionship in competition with the cham-
pions of the various States of the
Union and the different provinces of
Canada.

She was the guest of honor at a
dinner, given at the Tea Kettle Inn
last week-end by the staff of the Gar-
butt Business College and the class
in speed typewriting. Mrs. Anderson,
on behalf of the students and the
staff, presented her with a hand-
some leather handbag, and Miss
Kathleen Hughes presented her with
a rabbit's foot.

The contest takes place next Mon-
day night, and everyone present
wished Miss Sartoris success. Cal-
gary Albertan.

One of California's bathing beau-
ties appeared before a bear and the
bear dropped dead. At that rate a
bear should do more than die at the
sight of an Alberta beauty.

TO RUN A NEWSPAPER

To run a newspaper all a fellow
has to do is to be able to write poems,
discuss the tariff and money ques-
tions, umpire a baseball game, report
a wedding, saw wood, describe a fire
so that the readers will shed their
wraps, make \$1 do the work of \$10,
shine at a dance, measure calico,
abuse the liquor habit, test whiskey,
subscribe to charity, go without meals,
attack free silver, wear diamonds, in-
vent advertisements, sneer at snob-
bery, overlook scandal, appraise bab-

les, delight potato raisers, minister
to the afflicted, heal the disgruntled,
fight to a finish, set type, mold pub-
lic opinion, sweep out the office, speak
at a prayer meeting, and stand in
with everybody and everything.—The
National Printer-Journalist.

Given the sapience of the serpent
and the courage of a lion and the hide
of a rhinoceros, a fellow who can do
the few things listed above ought to
be able to walk the sea of journalism
without getting his feet more than
moderately wet.—Anon.

Miss Mildred Hall has placed for collection with Messrs. Gillis & MacKenzie, an account against the Blairmore School District of something like thirty dollars. This amount was retained by the board from wages covering a period of absence without good reason while in the employ of the board as teacher. Miss Hall's claim is supported by certificates from a doctor and a dentist, claiming

that she was under their care during the days in question.

BLAIRMORE UNITED CHURCH

Rev. J. W. Smith, Pastor

Serve the Church that the Church may serve you.

Services for Sunday, October 16th, the Pastor in charge.

MORNING SCHOOL AT 11 o'clock. The subject for the Young Women's and Young Men's Bible Classes will be "Jesus and the Fourfold Life."

AFTERNOON SCHOOL AT 2. All boys and girls twelve years and under are invited to this school. A "story talk" is given by Mr. Smith every Sunday in October. Each month it will be something different.

EVENING WORSHIP AT 7.30. The subject will be "The Sin of the Unlit Lamp." This message is intended more for the young people; yet it will present a phase of life's responsibility that none of us may pass by. The chances are this is the worst sin you are committing day after day.

CHURCH NIGHT AT 7.30 on Wednesday. We are arranging special music for this service, which will be led by Mr. Smith. The subject is the fifth in the series of studies in the Lord's Prayer. The petition for "Our daily bread" will be the theme next Wednesday.

THINK THIS OVER—"Instead of a gem or a flower, cast the gift of a lovely thought into the heart of a friend."—George Macdonald.

THE LADIES' AID are holding their annual Hallowe'en tea and sale in the Elks' hall on Saturday, October 29th. Please remember the date.

COWLEY HAPPENINGS

Misses Jean and Isobel Morrison are now attending normal school in Calgary.

F. W. Godsal, of Victoria, is in the district at present, renewing old acquaintances.

Farmers are beginning again, since the recent heavy snow storm here, to finish their grain cutting. Around sixty per cent of the grain is now cut. With a few days fair weather, the harvesting will be completed.

There was considerable excitement among the Doukhobors here when their new king, Peter Lordly, or Peter Vergin, junior, accompanied by five other Doukhobors, namely Larion Vergin, of Arrowwood, cousin of king Peter; M. W. Cozackoff, president; Paul Beronkoff, of Moscow; and Fred Sookaroff and Nicit Mopoff, independent, of Blaine Lake. Before arriving at Cowley, Peter Lordly had sent word to Paul Potapoff, leader of the Doukhobors in Alberta, on Friday, saying that he did not wish any public reception from the Doukhobors on his arrival in their midst, as the time is the harvesting was urgent and realizing that time saved now in the fields meant a saving of money to the colony here, and that saving the grain now was of greater importance than giving him a public welcome when he arrived on Saturday morning. A mass meeting was held on Saturday afternoon in the community house, Peter Lordly greeted his people, when most of the Doukhobors here were present to welcome their new leader. The party left for British Columbia on Monday morning, after visiting the outlying farms on Sunday. It is the sincere wish of Peter Lordly to unite all the independent Doukhobors again with the community. Two independent Doukhobors are travelling with him for this purpose. This was a rather rushed visit of the new king among his people here. He intends to return in a short time, when he will have more time to spend among them. Young Peter is very similar as to physical features of his father, but seems to be of a more retiring nature.

A curtain has been draped around the lower part of the choir benches in the Nonconformist church at Southampton, England. Jealous wives had complained that the silk-clad ankles of the choir girls were distracting the men's attention from the services.

THE PASS FIFTEEN YEARS AGO

(The Blairmore Enterprise, 1912)
October 4.—During the week the following guests registered at the Blairmore hotel: D. H. McKay, Malcolm McDonald, Ottawa; A. McLean, W. Graham, Coleman; N. E. Popham, J. R. McDonald, J. R. Palmer, Hugh Scott, Lethbridge; W. H. Dobson, F. Weeks, C. Blon, V. A. Wieloff, Mr. and Mrs. A. A. Revine, D. Diver, P. N. Andrews, H. F. Fitzgerald, R. B. Ward, A. W. Lowrie, C. J. Colville, Calgary; Joe Whittaker, Dr. Wright, Pincher Creek; Hank Heron, C. F. Sedgwick and wife, South Fork; F. C. Ham, B. A. McKay, Winnipeg; Halle Bruneau, Harvey Bouthillier, W. H. Hannan, Cowley; H. C. Hazard, Montreal; Jack Colvin, M. A. Roberge, W. L. Murphy, Vancouver; L. J. Vandivon, Louisville, Ky.; G. M. Boyd, Toronto; Victor Decasse, H. Melania, Prows' Nest; M. L. Jordan, F. A. Powell, Macleod; E. S. Brown, Newfort, Vt.; N. E. Stacey, Erie, Pa.; A. F. McComb, Fernie; Ernest De Foe, Boston.

The adjourned semi-annual meeting of the Canadian Mining Institute convened at the Rocky Mountain Sanatorium at Frank on Monday, when the Rocky Mountain Branch of the institute was organized as follows: Chairman, W. R. Wilson, of Fernie; secretary, John T. Stirling, of Edmonton; committee—Lewis Stockert, O. E. S. Whiteside, R. W. Coulthard, W. E. McNeill and Robert Livingstone. During the session, Mr. W. D. L. Hardie, of Lethbridge, read a very interesting and instructive paper on "Mining Engineering."

On Tuesday evening of this week, fire was discovered in the basement of the Blairmore hotel, but was quickly extinguished without assistance from the fire department.

Colin Macleod, of Macleod, is in Ottawa, making a strong plea in behalf of Fritz Eberts, under death sentence for the murder of Constable Wilmet, of the R.N.W.M.P., at Frank on April the 13th, 1908.

In the dot competition staged by

the Macleod Advertiser, Miss Grace Robbins, thirteen-year-old daughter of Mr. and Mrs. A. W. Robbins, of Blairmore, won third prize. The actual number of dots was 4248, and Miss Robbins' guess was 4245.

R. M. Brisco has moved into his new store, just west of the Royal Bank.

The bar and office of the new Cosmopolitan hotel were opened temporarily during the week.

Messrs. Irwin and Lewis hope to open their new theatre next week.

The new reservoir was flooded on Sunday last and Blairmore now has full pressure and a splendid water system.

The stork has left a son to Dr. and Mrs. J. W. MacKay at Frank.

Upwards of eighty guests registered at the Rocky Mountain Sanatorium hotel during the week.

Mr. J. M. Rothney, of Macleod, former principal of the school here, was a visitor in town at the end of the week on his way to Edmonton, where he will enter university. While here, his pupils, many of whom were successful in the recent departmental examinations, took the opportunity of presenting him with a brass reading lamp. The address was read by Helen Vallery, while Wilmer McAulay made the presentation. While here, Mr. Rothney was the guest of Mr. and Mrs. A. M. Richardson—Munson News in Drumheller Mail.

At a special meeting of the town council on Thursday night last, it was decided to install a heating system and the tender of A. Morency was accepted, the total cost including the purchase price of the furnace, to be in the neighborhood of \$320. A Quaker furnace, practically new and in excellent condition, has been purchased from the Opera House Co. through Capt. Beebe. The work of installation has already been undertaken. The new system will heat the town secretary's office, council chamber, police quarters and firemen's quarters.

ST. LUKE'S CHURCH, BLAIRMORE (ANGLICAN)

On Sunday, October 16th, there will be no Sunday school at 10 a.m., but the children will all come to church at 11 a.m. and sing the hymns and the service found on page 679 of the prayer book.

Thanks are due to all those who helped make the Harvest service and the pantry sale a success.

MALCHOW-McKERRROW

Mr. Carl Frederick Malchow, of Staveland, and Miss Anna McKerrrow, of Hillcrest, were married at Macleod Thursday, September 29th, by Rev. H. W. Irwin. The groom is a well known young farmer of Staveland and the bride was formerly a nurse in Clarendon hospital, but for the past year has been with the Rose hospital at Hillcrest.

Mrs. Louis Anders, who for the past three months has been visiting with her brother, Capt. W. A. Beebe, leaves tomorrow for her home in Portland, Oregon. Mrs. Anders fully enjoyed her stay here.

SPEEDERS TO GET TWENTY YEARS IN ITALY

Twenty years at hard labor will henceforth be the penalty for speeders in Italy who kill or seriously injure pedestrians, according to Minister of Justice Rocco's new penal code. Car owners are jubilant but manufacturers fear that the law will result in a slump of trade.

Another clause of the new code provides punishment for attempted suicide. This is aimed at the youth of both sexes, who seek to get cheap notoriety by swallowing just enough ink or iodine to justify their admission to a city hospital and vigorous application of a stomach pump.

Last summer Rome averaged four or five such cases daily. Girls especially took to swallowing ink because their mother objected to their coming home late or their fathers did not like their transparent stockings.

WORLD HAPPENINGS BRIEFLY TOLD

Amnesty for 800 prisoners on the occasion of President Von Hindenburg's eightieth birthday has been requested by the German League for Human Rights.

When the Niagara left Auckland, N.Z. recently, she took 5,600 boxes of butter for Vancouver and 1,100 for Honolulu. She had a quantity also for Honolulu and Shanghai, the total shipment being 8,322 boxes.

Explosion of a German howitzer shell, used to decorate the doorway at the Villa of Gen. Botch, governor of Strasbourg, killed Charles Ortolano, the governor's man servant, and wounded the man evoked.

By January 1923, the Department of Health will have 20 physicians in European cities inspecting immigrants who are about to leave for Canada. The department expects by this new policy to relieve the difficulties at Canadian ports.

Canada's election to a seat on the council of the League of Nations has added greatly to the prestige of this country in the eyes of Europeans, states Lieut.-Col. C. P. Meredith, secretary of the League of Nations Society of Canada, who has returned from a lengthy European tour.

An official statement shows that between 1881 and 1921 Australia's population increased 141 per cent, as compared with an increase of 103 per cent in the population of Canada. Between 1921 and 1926 the increase in the two countries was 11 per cent and 8 per cent, respectively.

It is reported that the Booth farm, adjoining the central experimental farm at Ottawa, has been purchased by the Dominion Government to enlarge the experiments. The deal is understood to involve some 400 acres, for which the government is paying the Booth estate in the neighborhood of \$200,000.

All that has been recovered of the giant monoplane, Old Glory, lost with its three occupants in an unsuccessful attempt to fly to Rome, was found in a small plane box 8 x 8 x 4. The wreckage, consisting of tangled wire, a wheel of the landing gear and three battered gas tanks, was found by the steamer Kyle, 650 miles off Newfoundland.

For HEMORRHOIDS (Piles) try this safe easy treatment

Don't plan on a surgical operation before you've tried Anusol Suppositories.

Find Baffin Land Smaller Than Believed

Explorers Cut 8,000 Square Miles From Supposed Area

Extremely dry weather and very high tide conditions have obtained all summer in the far North, according to members of the Putnam-Baffin Island expedition.

"Out of two months we had only eight days the weather," George P. Putnam, director of the expedition, said. "Almost all of our work, which this time was mainly geographical had to be carried out in fog, wind or dry weather. Nevertheless we clipped five thousand square miles from the supposed area of Baffin Land. I myself, sailed in a whale boat over hundreds of miles of what has hitherto been set down on the maps as land, but is really water. It's conditions are wretched and the tides in Fox Bay, where the ships spent most of their time, were so strong that a leek was carried past at the rate of seven knots an hour. The Putnam expedition is believed to have been the first to traverse this region since its original discovery by Fox, an Englishman, in 1631.

Two serious accidents also marred the summer. The ship bent her propeller and broke her tail shaft in some ice, and later ran aground on an uncharted shore, but was refloated again without much damage.

The Hardest Pure Metal

Recent Tests Made in England Place Iridium First

Iridium, a metallic element in the same chemical group as platinum, and often used as the tip for fountain pens, is the hardest pure metal, according to tests recently made by A. Mallock, and announced in an English scientific magazine. Molybdenum is the hardest, with tungsten third. Nickel is the hardest of common metals, as it ranks fifth, the rare metal rhodium coming up fourth.

These refer only to pure metallic elements, for some alloys, such as steel with a high percentage of carbon, rank higher than any. The softest of the metals tested proved to be thallium, as it ranked No. 21, lead being 23 and tin 22. Gold is 18, silver 15; palladium, which is in the same group as platinum and iridium, 14, aluminum 12, copper 11, and iron 10.

Fashion

A Smart New Coat

The coat pictured here is an unusually smart design as well as being practical and comfortable. There is a seam at the centre back, a large convertible collar, wide cuffs, and two set-in pockets with flaps. The tie of contrasting or matching material is an attractive trimming. Fur may be added to the collar and cuffs, thereby adding warmth for cooler days. No. 1653 is in sizes 34, 36, 38, 40, 42 and 44 inches bust. Size 36 requires 4 1/2 yards 36-inch, or 3 yards 54-inch material, and 3 3/4 yards 36-inch lining. Price 20 cents the pattern.

A New Slip

Did you know that a fifteen-cent envelope of Diamond Dyes will duplicate any delicate tint that may be the vogue in dainty underwear? Keep your oldest lingerie, stockings too, in the shade of the day. It's easy if you only use a true dye. Don't streak your nice things with synthetic tints. Dye or that anything; dresses, or drapes. You can work wonders with a few inexpensive Diamond Dyes (true dyes). New colors right over the old. Any kind of material.

FREE: Call at your druggist and get a free Diamond Dye Cyclopedia. Valuable suggestions, simple directions. Pile-good color samples. Dr. J. H. Illustrated Book Color Craft free from DIAMOND DYES, Dept. N3, Windsor, Ontario.

Diamond Dyes

Just Dip to TINT, or Boil to DYE

Do Not Read This

If you have finally decided to remain one of the twenty-five million human beings who Dr. Robert Bell, the eminent British medical authority, has solemnly warned the world, are now destined to die from the deadly scourge of Cancer, which is an unconsciously self-inflicted blood disease caused by your present diet.

Cancer is neither hereditary, contagious nor infectious and the proof is caused by civilization's acid-creating diet lies in the fact that the disease is unknown among unutilized races which live upon Nature's own abundant provision. The modern diet of the civilized world, with its consumers of all, or almost all the health-preserving potassium and other organic salts which the Creator has placed in the food of man and beast. Man is the only created being on earth who deliberately destroys his food values by refinement or cooking destruction. And when, after years of slow but sure potassium starvation, the digestive organs can no longer function properly, the body cells, lacking their essential nourishment, finally break down and exhibit cancerous, fibroid or other abnormal growths—frequently after ulceration of stomach or duodenum—and, unless the potassium deficiency is remedied, diet reformed and complete elimination of waste matter assured, suffering, disease and premature death that no surgical operation, radium or X-ray treatments can do other than hasten, must result.

Thousands of men and women have repaired and others are now repairing the damage inflicted upon their bodies by years of wrong diet. These have won or are winning back their priceless health and efficiency by restoring their potassium deficiency. Why wait until you are cancer-stricken before inquiring your immunity from the deadliest known disease? If you value health and efficiency and wish to, at home, repair past errors which if continued, mean an early grave, a valuable book will be freely mailed you on application to Charles Walker, 31 Brunswick Avenue, Toronto, 4, Canada.

Testing Out New Apparatus

Germany Believes Automatic Mail Box Will Facilitate Work

A mail box which automatically weighs, frank, and stamps letters is now being tested in Germany. Dropping a letter or postcard into the box, the sender inserts coins covering the postage into a slot and pulls a lever. The fact that the postage is then paid is printed on the face of the envelope or card by an inked typewriter. Change is returned to the mailer by the apparatus in the form of postage stamps. It is believed the introduction of the invention will result in a large saving for the postal office and expedite the transportation of mail.

Airplane Service In Hawaii

What promises to be a forerunner of commercial aviation in Hawaii is the establishment of an airplane service for visitors who desire to see the islands from the air. Regular flights are made over the various islands.

The ease with which corns and warts can be removed by Holley's Corn Remover is its strongest recommendation. It seldom fails.

A merchant in Berlin has placed a switch outside his store so that persons wishing to see the display in his windows at night can turn the lights on.

Says Cloudy Weather Increases Influenza

Disease Is Not Contagious Is Opinion Of Iowa Doctor

Weather plays an important part in influenza epidemics, cloudy and humid days increasing and hastening the propagation of the disease organism, with the consequent spread of the disease, Dr. W. H. Seymour, of Charles City, Iowa, declared in an address before the annual convention of the American Electrologic Research Association at Chicago.

Exhaustive research work would indicate that the infecting organism of the disease is air-borne. Dr. Seymour said, as opposed to the prevailing opinion that influenza is a contagious disease.

The fact that nearly all the sailors on board certain ships hundreds of miles from land, have been attacked by this malady on the same day, and furthermore, simultaneously with thousands of the population on land cannot be satisfactorily explained by the theory of contagion," he said.

Light, natural and artificial, easily and quickly destroys influenza organisms, Dr. Seymour said. It is being used with much success in hospitals and in personal practice.

Formula For Making Gold

Inventor Is Sure His Process Has Commercial Value

A new formula has been discovered for making synthetic gold by chemical means.

One simply brings to a temperature of 1,100 degrees a mixture of six grammes of pure silver, two grammes of yellow silver, two grammes of antimony, one of tin. During the process, additions of silver and antimony are injected into the mixture, which is afterwards treated by washings with distilled water and ammonia. The liquid is then filtered and gold is found as a deposit.

The inventor of the formula, M. Jolivet-Bastoul, a French chemist, is convinced of the commercial value of his process.

Babies Cry For "Castoria"

Prepared Especially for Infants and Children of All Ages

Mother! Fletcher's Castoria has been used for 30 years. It is pleasant, harmless substitute for Castor Oil, Purgative, Teething Drops and Soothing Syrup. Contains no narcotics. Proven directions are on each package. Physicians everywhere recommend it. The genuine bears signature of

Charles H. Fletcher.

Marie—"My boy friend says the book on Einstein's theories is very interesting."

Joan—"Are you reading it?" Marie—"No, I'm going to wait until it appears in the movies."

SUNDAY SCHOOL LESSON

OCTOBER 16

ELIJAH IN NABOTH'S VINEYARD

Golden Text: "Be sure your sin will find you out."—Numbers 32:33.

Lesson: 1 Kings 21.

Devotional Reading: Psalm 94: 17-22.

Explanations and Comments

1. A Covetous and Pettish King, verses 1-4.—Near Abah's place in Jezreel was a vineyard which the king coveted. He tried to buy it, but Naboth, his owner, would not part with his inheritance. See the law in Lev. 25:28. The petulant king, unexpectedly thwarted in his wish, like a spoiled child entered his palace, threw himself on his couch and refused to eat. What an example of the state of mind of one who gives way to selfish desires! What a small matter for the king to get into a state about! And on what would men and women often set their hearts and become miserable because they are unattainable! Then a noble woman will uplift him.—F. B. Meyer.

2. An Accusatorial and Wicked Queen, verses 5-10.—Jezebel inquired the cause of Abah's displeasure, and when Naboth had refused to sell or exchange his vineyard, which Abah wished for an herb garden. Tauntingly Jezebel asked him if in truth he ruled Israel; if he was too weak to get what he wanted, she would get it for him. So Jezebel wrote letters, which she signed with the king's seal, and sent them to the elders and nobles bidding them proclaim a fast (which would give a pretext for a public assembly), set Naboth in a prominent place, have ready two witnesses to swear that they heard Naboth curse God and the king, and then have him carried without the city and stoned to death.

"How potent a woman's influence is for good or ill," he said, "a woman will more quickly defame her husband than a man."

Not An Envious Job

Royalty Differs On Whether Position Is Enjoyable Or Not

Queen Marie's view, expressed in an article in a Rumanian magazine, that Royal blood is a curse, would doubtless be subscribed to by the majority of monarchs.

It is not long ago that King Alfonso told an interviewer that Royalty is not a vocation one would choose. On the other hand, there can be no doubt that several British monarchs have enjoyed themselves on the whole.

King Edward, for instance, gave the impression that he thoroughly liked the "king business." Certainly Elizabeth performed her duties with the greatest gusto, and another British Queen, Mary II, scandalized some people by the way she romped through the palace, prodigiously pleased with herself. And there is a delightful pen picture of William III, showing his delight in all the uniforms he had to wear, particularly the high spurs he put on even when he was not riding. Queen Victoria took pride and pleasure in her duties from the outset, though there were signs that after 50 years she began to tire of them.

What is probably the oldest known advertisement was inserted in an English newspaper of December 13, 1685, by a ship captain seeking an apprentice.

CANCER

Great Success of Cantassium Treatment

A well-known London surgeon and recognized authority on Cancer has created widespread interest in the Cantassium treatment of Cancer in a deficiency of potassium "salt" in the body, which causes the cells to break down and become malignant.

The Real Cause of Cancer

A remarkable book has been recently written. This book will be sent free to patients or any one who is interested in the most successful method of fighting THIS CANCER SOURCE.

The following is a list of the chapters: 1. The Limitations of Operation; 2. Some Doctors Oppose Operation; 3. What Cancer Is; 4. Why the BODY CELLS BREAK DOWN; 5. Incurable Curing Methods; 6. Common Errors in Diet; 7. Vital Elements of Food; 8. Medical Endorsements of Our Claim; 9. The Chief Malignant of the Body; 10. The Thyroid Gland; 11. Age When Lime Begins to Accumulate; 12. Potassium Causes Lime Excretion; 13. Great Value of Potassium; 14. Pores of the Body Liable to Cancer; 15. How to Avoid Cancer; 16. How a Doctor Can Help; 17. How to Avoid Cancer; 18. Death-rate From Cancer; 19. Arterial Sclerosis and Old Age; 20. Rheumatism, Gout and Kindred Complaints. With this book are a number of interesting case-studies showing the great value of "Cantassium Treatment" in curing cancer. The treatment is simple and inexpensive, and can be carried out in the patient's own home. Apply for free book to Cantassium, 100, Avenue, Toronto, Ontario, Canada.

May Be Fortune In Patent

Dutchmen now may carve their meats with swift strokes and have no fear of cutting themselves. A doctor in a large packing plant at St. Paul, Minn., after treating as many as 30 gauges a day, invented a steel glove mesh which will turn the sharpest knife. It is believed that he will realize a fortune from the patent.

"Are you guilty or not guilty?"

"I don't quite see," said the prisoner, "silly why I should express an opinion and try to interfere with the jury's guessing contest."

YEING AND TINTING

are so easy and perfect IF you use the right kind of Professional Dyes. Dyes that are put up in highly concentrated, easily powdered, soluble form. No work to dissolve them. Never any shoving, scraping or crumbling them up. They are—

The 1927 fishing season closes on Saturday, October the 15th.

A crank can always be used to start a car, but should never be permitted to drive one.

Another good way to test your brakes is to approach a garage at fifty miles an hour.

Harvest festival services were held at St. Alban's church, Coleman, on Sunday evening last.

Mr. J. O. C. McDonald has returned to Coleman from a visit to old haunts in Nova Scotia.

The big Dempsey-Tunney fight pictures will be shown here on the night of Monday, November the 7th.

Teacher — "Parse the sentence: 'Tom married Jane.'"

Boy — "Tom's a noun, because he's the name of something. Married is a conjunction, because it joins Tom and Jane. And Jane's a verb, because she governs Tom."

Lord Dewar remarks that, if the League of Nations would only agree not to have another war until the last one is paid for, everlasting peace would be assured.

The tea and sale of home cooking, flowers, etc., held in the Elks' hall on Saturday afternoon by the ladies of St. Luke's church, was well patronized. About sixty dollars was netted.

An exchange remarks: "Just as the old-fashioned photograph was known as a tintype, so are some of the old-fashioned automobiles becoming so classed. How history repeats itself!"

A. J. Smith met Frank Leary on the street the other day. A. J. remarked: "I have got rheumatism in my hip very bad." Frank replied: "Why, that's not rheumatism; it's hypnotism."

The funeral of Thomas Ratcliffe, who died from injuries received in an explosion at Corbin, took place at Fernie on Sunday afternoon, under the auspices of Mount Fernie Lodge No. 47, I.O.O.F.

Monday, November the 7th, will be observed as Thanksgiving Day and Armistice day throughout the Dominion. A proclamation to this effect appeared in the recent issue of the Canada Gazette.

A grand dance will be held in the Union Hall at Hillcrest on the night of Monday, November the 14th, under the auspices of the Royal Antediluvian Order of Buffaloes. See bills for further particulars.

The members of Greenhill Temple, Pythian Sisters, will hold a whist drive and social in the Lodge Hall on Wednesday night next, October the 19th. Usual good time and prizes. Mrs. Altermatt's orchestra.

Dr. T. E. Kaiser, member of the house of commons for Oshawa, Ontario, has been in the Drumheller district, looking over the coal field and getting a general idea of the possibilities of Drumheller and nearby fields with regard to the Ontario market. Dr. Kaiser is the inventor of the process of liquifying coal.

Mr. T. Placek, proprietor of the Orpheum Theatre, has purchased a new Motiograph De Luxe motion picture machine with the latest and most powerful projection system. The new machine will be installed at the Orpheum during the last week in October and may be used for the first time for the Dempsey-Tunney fight pictures. The new Motiograph will cost in the neighborhood of \$3500.

A young bachelor from Blairmore was driving along a country road east of Lundbreck, when he overtook a group of school children, and when he offered to give them a lift, they piled into his machine. There wasn't room for all of them on the seats, so one of the girls had to sit on the driver's lap. "Do you like school?" he enquired. "Yes, sir," she replied. "Do you attend school every day?" "I never miss a day." "Good little girl," he remarked, kissing her on the cheek, "and do you like your teacher?" "I'm the teacher," she replied.

Local and General Items

WANTED—Girl for Dishwashing.
Apply to Gosmopolitan Hotel.

Mrs. Warke and child returned Sunday night from an extended visit to California.

The Calgary technical institute will open for the winter season on Monday next.

Fancy work of rare design, will be all along the line. C.W.L. Bazaar, November 15th.

Although "Lizzie" committed no crime, McPhail says she was paraded on Tuesday night.

George Sullivan, C.P.R. brakeman, of Cranbrook, will make headquarters at Frank for the winter.

Peter Veregin, son of the late Peter Veregin, head of the Doukhobors of Canada, has arrived in Alberta.

By a majority of 1146, the citizens of Lethbridge on Friday last voted in favor of managerial government.

From near and far, whether you walk or whether you car, you'll be made welcome to the C.W.L. Bazaar, November 15th.

If Mother Eve had known half as much as some of the flappers of today, what a fool she would have made of the serpent.

Articles well chosen, stitches neatly done; will be on bargain tables, on a Wednesday afternoon. C.W.L. Bazaar, November 15th.

A round of life: Rags make paper, paper makes money, money makes banks, banks make loans, loans make poverty, poverty makes rags.

The Ladies' Aid of the United church are holding their annual Hallows'en tea and sale in the Elks' hall on Saturday, October 29th. Please remember the date.

At the conclusion of the big Conservative convention at Winnipeg, Hon. R. B. Bennett, of Calgary, was chosen permanent leader of the Conservative party.

A local doctor did not get paid for advice when in reply to the query: "What should I do when I am run down?" the doctor said: "Take the number of the car!"

A copy of No. 1, Volume 1, of the Jasper Signal, Jasper's new and first weekly paper, has reached our desk. The new periodical is edited and published by Mr. J. L. Hollishead.

The retirement of Charles Murphy as general manager of western lines of the C.P.R., has been announced at Winnipeg. Mr. Murphy will be succeeded by Mr. W. A. Neal, of Montreal.

Mr. and Mrs. James Pearson and family, of Coleman, Alberta, are taking up residence at Chapman Camp. Mr. Pearson is well known in the Crows' Nest Pass as a cornet soloist, being bandmaster of Coleman town band and amateur orchestra—Kimberley Press.

The Elks' annual ball will take place this year in the opera house during the last week in December, owing to the New Year falling on Sunday. A strong committee has been appointed and it is hoped to make the affair this year by far the biggest and best ever.

The second annual track meet under the auspices of the Crows' Nest Pass Inter-School Athletic Association was held at Bellevue yesterday and as a result the various schools of the district were awarded a holiday. Keen competition in the various events was had. The weather was ideal, brought a heavy west wind that at times made matters slightly unpleasant. In points, the standing of the various schools was as follows: Bellevue 165, Hillcrest 111, Blairmore 42, Coleman 31, Frank 1. A fuller report of the day will appear in our next issue.

Mr. E. F. Gare, former editor of The Coleman Journal, announces that he has taken over the management of Livingstone's Limited, stationery stores, at Vancouver.

The Toronto Mail and Empire has been sold to I. M. Killiam, president of the Royal Securities Co., Montreal, for a consideration of two and a half million dollars.

Mr. Mark Sartoris spent several days in Calgary last week with his daughter Mary, and wished her bon voyage on Sunday on her leaving for New York.

New premises for the Coleman branch of the Canadian Bank of Commerce will shortly be erected on Centre Street. The new building, with fixtures, is to cost in the neighborhood of \$12,000.

The Rev. F. Randall Powell has arrived in Macleod from Macklin, Saskatchewan, to take charge of Christ Anglican church, filling the vacancy created by the resignation of Rev. Gerald McComas.

Paris Baratelli, son of Mr. and Mrs. Paul Baratelli, of Blairmore, was one of six students of the Calgary school of technology and art who received diplomas in mechanical engineering the past year.

The annual meeting of the Alberta Press Association, which is affiliated with the Canadian Weekly Press Association, will be held at the Palliser hotel, Calgary, on Friday and Saturday of next week.

The annual general meeting of the Alberta Amateur Hockey Association will be held in the sun room of the Palliser hotel at Calgary on Saturday, November the 5th, at 1:30 p.m., and will be attended by delegates from all parts of Alberta.

That London typist that attempted to swim from London to New York for the world championship contest was of Scotch parentage. Blairmore's candidate is of Canadian-Italian origin and travels to New York by special train.

Addressing a meeting of the Northwest Mining Association recently, B. H. Stunnef, of the Consolidated Mining & Smelting Company, stated that the Trail smelters and refiners are at the present time producing 400 tons of lead, 270 tons of zinc, 60 tons of refined copper and 20,000 ounces of silver daily.

Constable Causey, of the A.P.P., Pincher Creek, made a lucky haul on Monday of last week, when he intercepted a big Studebaker Six on the Pincher Creek to Station trail, loaded with liquor bound to Montana. The driver of the car was fined \$100 and the car and contents, valued around \$3000, were confiscated for the benefit of the Alberta Liquor Control Board.

Alberta's potential coal wealth is greater than all the known coal deposits in the rest of the British Empire put together, according to Sir Thomas Holland, chairman of the Empire Mining and Metallurgical Council, recently at Calgary. "If the present endeavors to change coal into a fluid fuel, capable of displacing petroleum and all its products, are successful, Canada will take the place of the United States as the world's provider of liquid fuel," he further stated.

One of the biggest deals in western Canada this year was completed on Tuesday, when Gaults, Alberta, Ltd., newly formed wholesale dry goods company, bought the stock carried in Edmonton by the Revillon Wholesale Company. The amount involved was around \$1,000,000. The new company is connected with Gaults, Ltd., pioneer wholesale dry goods firm, with headquarters in Winnipeg, where it operates one of the largest warehouses in the west.

MAJOR W. B. BURNETT
WEARS RARE DECORATION

The distinction of being presented with the Sovereign Grand Lodge Decoration of Chivalry, a medal possessed by comparatively few Oddfellows, was conferred upon Major W. B. Burnett, of Lethbridge, past grand master of the Alberta Grand Lodge of the order, at the Sovereign Grand Lodge sessions at Hot Springs, Arkansas, recently.

Major Burnett has been an Oddfellow for 55 years. He has attended the sessions of Sovereign Grand Lodge since 1921. Among the I.O.O.F. medals in his possession are the twenty-five year jewel and fifty-year jewel. This latter he received through the same man who received his application for membership in the order.

The Ladies' Aid of the United church are holding their annual Hallows'en tea and sale in the Elks' hall on Saturday, October 29th. Please remember the date.
